### CUSTOMER SIGNATURE

To be eligible for a rebate under the REV program, I understand that I must be an active VPU customer in good standing, with a residential electric meter serviced by Vernon Public Utilities (VPU). Plug-in EV must be purchased/leased within 180 days of rebate application submittal date in order to qualify for the rebate. Primary driver of the EV must reside permanently at the address of the VPU account used for the rebate. I understand additional documentation may be required to establish residency if the owner/lessor of the EV is not listed on the VPU account. I am responsible for meeting all the <a href="#">REV program requirements</a> listed below and/or on the VPU website. For questions regarding the Program or your application, please contact VPU at <a href="mailto:CustomerPrograms@CityofVernon.org">CustomerPrograms@CityofVernon.org</a> .

## Residential EV Incentive Program (REV): Terms and Conditions

1. Vernon Public Utilities (VPU) residential electric customers are eligible for up to \$2,500 in rebates, when a new or used plug-in electric vehicle (EV) is purchased or leased.
2. VPU customers are allowed to receive rebates for up to 2 EVs, per residential electric service address.
3. Purchased or leased EVs are eligible for incentives.
4. New or used EVs are eligible for incentives.
5. Applicant must have an active residential electric account in good standing with VPU.
6. EVs are required to be registered at the address of the VPU residential electric customer applying for the rebate.
7. Submit your REV incentive application within **180 days** from date of purchase.
8. Plug-in Electric Vehicle (EV) must be registered with the Department of Motor Vehicles (DMV) in California
9. A maximum of two (2) incentives can be applied per VIN, but each incentive must be tied to a unique VPU residential electric service address and account holder, with a 36-month period in between each incentive.
10. The program participant must be the legal owner of the EV and permanently reside at the address shown in the VPU residential electric account.
11. EVs must be approved for highway application. (Electric scooters, electric bicycles, golf carts, neighborhood and low-speed vehicles are not eligible.)
12. EVs transferred from a family member, gifted, or won as a prize will not qualify for the rebate. Under no circumstances shall the rebate amount exceed the cost of the EV.
